## DETAILED ACTION

### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Angelo J. Gaz on August 29, 2006.

The application has been amended as follows:

In line 8 of claim 16, delete "devices" and insert --device--.

### ***Allowable Subject Matter***

2. Claims 12 – 17 are allowed.

3. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach, alone or in combination, an integrated circuit including "a conductive material on the seed layer and ***directly*** contacting the surface of the circuit device" (emphasis added). The prior art does not teach an integrated circuit, "wherein the seed layer and barrier material are formed so as to expose the circuit device at an end of the via."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
